Retail Producer Portal Agent Assisted Enrollment

November 2023

Before we get started...

This training presentation focuses on Individual & Family Markets (IFM).

This presentation, and the information contained within it, is current as of November, 2. It is subject to change based on subsequent federal and state law, regulations and guidance.

The content is for **producer education and training purposes only** and should not be shared with a prospect, an applicant, member, group or the general public.

Agent Assisted Enrollment Overview

Starting in October 2022, the Retail Producer Portal (RPP) offered Agents an assisted, On Exchange enrollment solution. Powered by HealthSherpa, this flow allows an Agent to quote and enroll their clients exclusively in Blue plans (referred to as White Label solution), via the Enhanced Direct Enrollment (EDE) pathway. One of the most exciting features of the White Label solution and EDE pathway is that the Agent's NPN is always associated with the client's application so the Agent will not be dropped from the application. Enrolling a client via HealthSherpa White Label solution is also more expedient and efficient than going to HealthCare.gov directly.

Beginning **11/1/2023**, Agent express links via RPP will be disabled for Individual (Under 65) business. Agents are only able to use their express link for Medicare and 2023 SEP off-exchange Individual business.

Agents must be registered on the White Label Solution to obtain their “direct link”. If they have not already registered with the White Label Solution for On Exchange, they need to do so now to assist with both On and Off Exchange client-directed shopping and enrollment on the White Label Solution. Again, using this direct link and the EDE pathway via the White Label Solution will maintain the Agent's NPN so the Agent will remain attached to the application. Agents will need the White Label Solution direct link to send quotes to clients.

Nothing is changing with the electronic direct enrollment for Off Exchange on RPP. The Off Exchange Enrollment Tab on RPP is **NOT** being replaced with the HealthSherpa White Label Solution Off Exchange option. It is especially recommended that Agents use the Enrollment Tab on RPP to submit Off Exchange applications. The HealthSherpa White Label Solution for Off Exchange (beginning 11/1/23) is in addition to the Enrollment Tab on RPP. **The Enrollment Tab is the fastest and easiest way to enroll a client for an Off Exchange policy.**

Creating an Account on HealthSherpa White Label Solution

The first step to ensuring a smooth OE period, is to register for and create an account now and not wait until just before Open Enrollment.

To access the link to the White Label Solution:

- Log into RPP
- Select the Training tab
- Select the link for “Create an Account with HealthSherpa”

Creating an Account on HealthSherpa White Label Solution cont.

By signing up, you attest that you agree with our [Terms of Service](#), and consent to receiving emails from HealthSherpa.

Enter your email address.

NOTE: If the Agent has an existing HealthSherpa Marketplace account and would like to create a White Label Solution account, then please add the following carrier slug in the email address. This allows the Agent to use the same email address for both accounts but will have separate logins.

Carrier Slug: bcbs-inmot

Example:

Email address is

Jane@testing.com

Email address with Carrier slug:

Jane+bcbs-inmot@testing.com

Enter password

Click on the Sign Up Button

Complete the steps for creating an account. For additional assistance, please review our detailed [guide](#). Once the Agent has finished all the necessary steps, they are ready to quote, enroll and service their clients.

Locating and Using the Direct Link on HealthSherpa White Label Solution

The Agent’s direct link works like their previous express link on RPP. The Agent’s NPN is captured with the direct link and all applications submitted through an Agent’s direct link will have their NPN attached to the application.

From the Agent dashboard, access “Marketing” on the left panel. Click on Copy the “Direct Link” and the Agent can paste this link in an email and/or business website. This will direct clients to a customizable landing page where they can shop and enroll in plans on their own.

When clients click on the link, they are taken to the broker’s uniquely branded enrollment site, where they can enter some information and click “See plans and prices” to start the quoting process. They have an option to shop directly themselves and apply for either On or Off exchange.

Copy Edit Convert to Spanish

Copied!

Once you see the “Copied” confirmation on the page, paste this into another document for adding your phone number.

https://enroll.bcbs-inmot.com/?_agent_id=

At the end of the direct link, add the following: **&call=phonenumber**, for example, see below.

https://enroll.bcbs-inmot.com/?_agent_id=&call=6308246192

Adding this extension, will add your phone number to the top of your White Label page automatically. You can send the updated direct link to your clients, post to a business website and/or social media page.

Off Exchange Enrollments

Off Exchange enrollment can still be done via the Enrollment Tab on RPP. Nothing is changing with electronic Off Exchange application submissions. **This is the preferred method for all Off Exchange applications.**

Dental Only Applications can be submitted via the Enrollment Tab as well.

On Exchange Enrollments

The Agent can access the White Label Solution from the Quotes Tab on RPP from the Enroll in On Exchange QHPs button, or by selecting the Apply for this Plan button after generating an RPP quote. Both options redirect to the White Label Solution Agent sign in page. Completing an application averages about 9 minutes.
