## After You Apply

There are a few simple things to do before your coverage can start.

- 2. Make your first payment – visit [AfterYouApplyIL.com](https://AfterYouApplyIL.com):** You'll have to pay your first premium payment before your plan starts to cover your care.

## Once Your Application and Payment is Processed

Make the most of your health plan even before coverage begins. With your member ID and group number from your member ID card, you can:

A: Send in your application on our website or through the Health Insurance Marketplace® and make your first payment. We will process and confirm your coverage.

### Q: Do I need to pick a Primary Care Provider?

A: You will need to select a PCP. If you do not select one when you apply, we will choose one for you. Once you receive your ID card, you can change this selection at any time. Please note, this may delay creation of your member ID card. Visit our website or use our mobile app to make changes.

### Q: How do I confirm what drugs are covered in my coverage?

A: Your benefits cover prescription drugs. To see which of your medications are covered, you can visit our website at **MyBlueRxIL.com** to view our prescription drug list.
